

SPACE FOR SOCIAL  
INTERACTION AND  
PUBLIC DEBATE

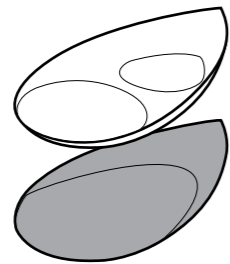

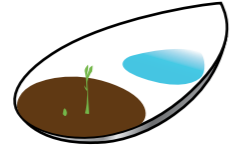

# SEED SAVING AND HOME GARDENING

Considering seed saving as a first step towards personal care, using private outdoor spaces as a target place for people to garden and grow plants in.

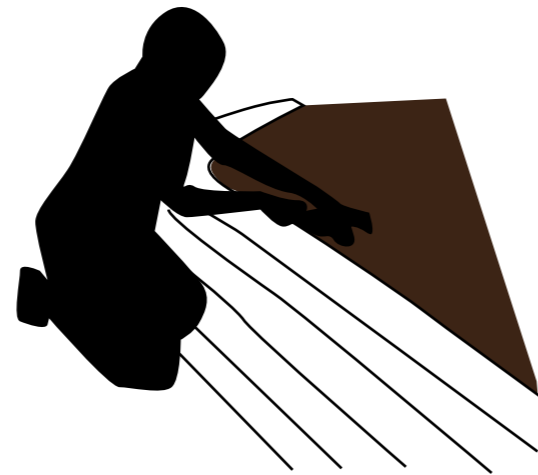

## STEP ONE : GERMINATING

The Seed Saver allows germinating or drying pits from food.

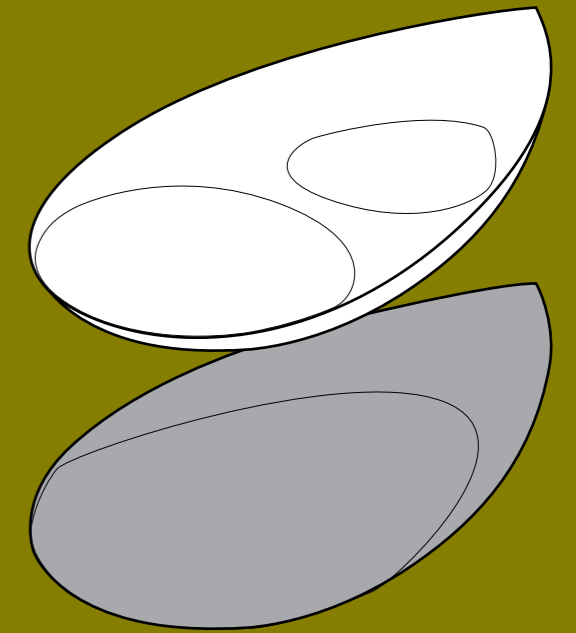

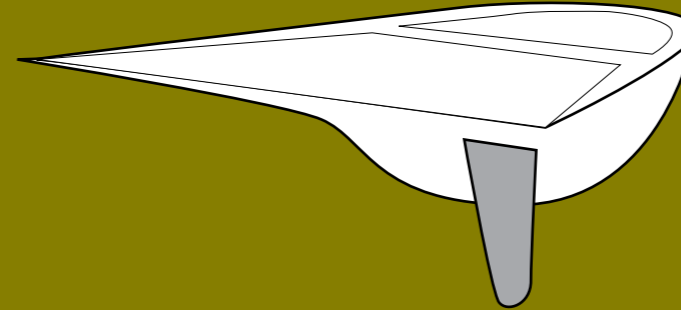

## STEP TWO : PLANTING

The shovel invites user to plant germinated seeds in the garden.

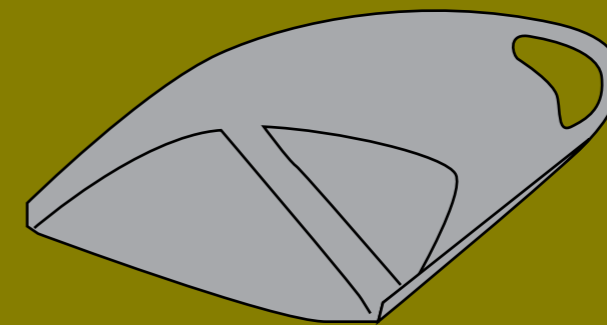

SHOVEL HOLDING THE SAVER

SAVER + SHOVEL

SAVER AND SHOVEL COMBINED

## SEED SAVER + SHOVEL

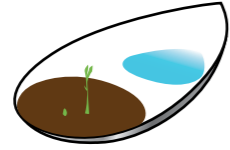

For the seed saver to truly represent the starting point of a process rather than an anecdotic use, the shovel triggers and invite the user to the next step, planting the offsprings outdoors. If he doesn't, part of the object remains useless.

# SEED SAVING AND ACTIVIST INITIATIVES

Considering seed saving as a first step towards personal but also public sensitization, using public spaces as a target place for people to invest and develop.

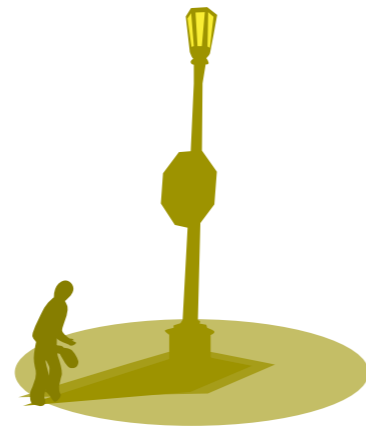

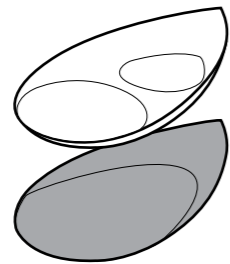

## STEP ONE : GERMINATING

The Seed Saver allows germinating or drying pits from food.

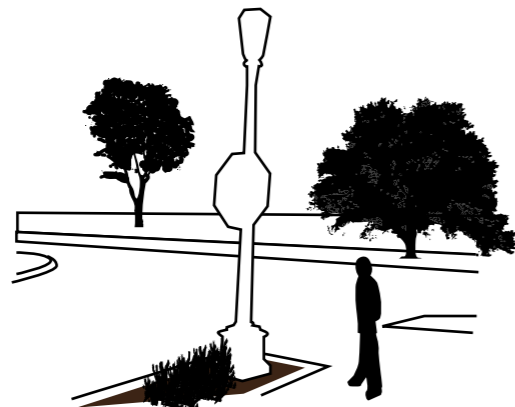

## STEP TWO : PLANTING

The integrated shovel invites user to go out and plant germinated seeds.

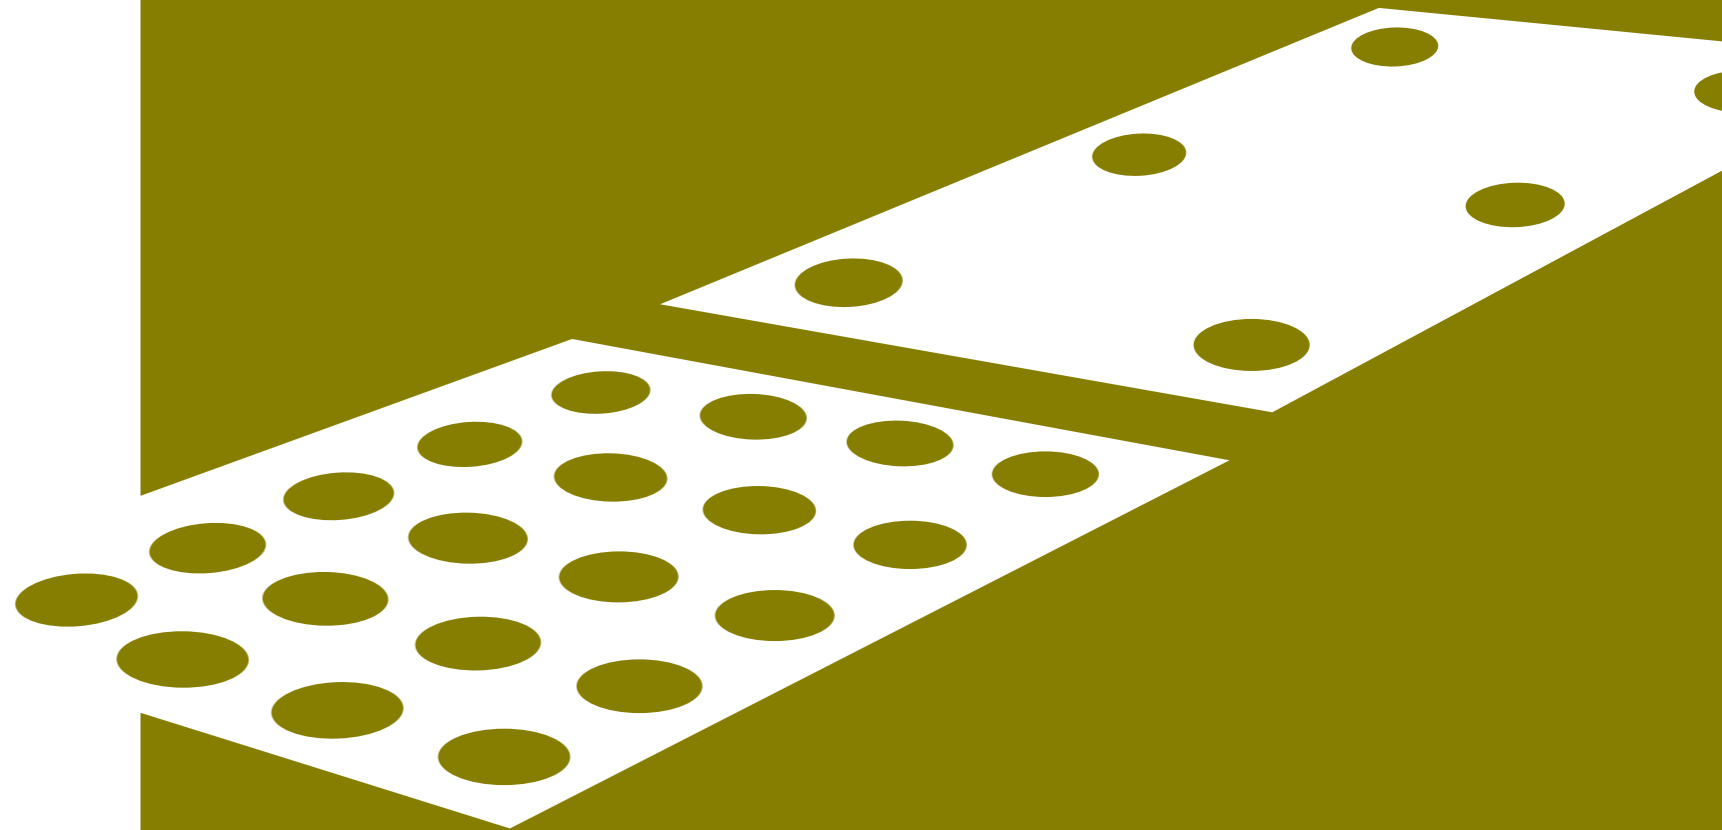

## STEP THREE : EXCHANGING

Specifically designed public spaces constitute a frame for social debate.

MAT FOR OLIVES

MAT FOR GRAPE

## POSITION MAT

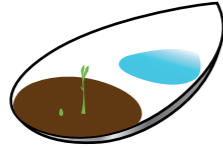

As not everyone knows that plants need specific space to develop, the mat helps planters positioning the seeds on the right spot.

# SEED SAVING AND SOCIAL INVOLVEMENT

Considering seed saving as a first step towards personal but also public sensitization, using public spaces as a target place for people to socialize and debate.

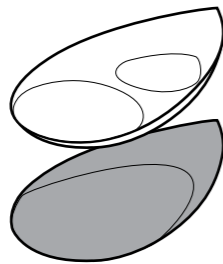

## STEP ONE : GERMINATING

The Seed Saver allows germinating or drying pits from food.

## STEP TWO : PLANTING

The integrated shovel invites user to go out and plant germinated seeds.

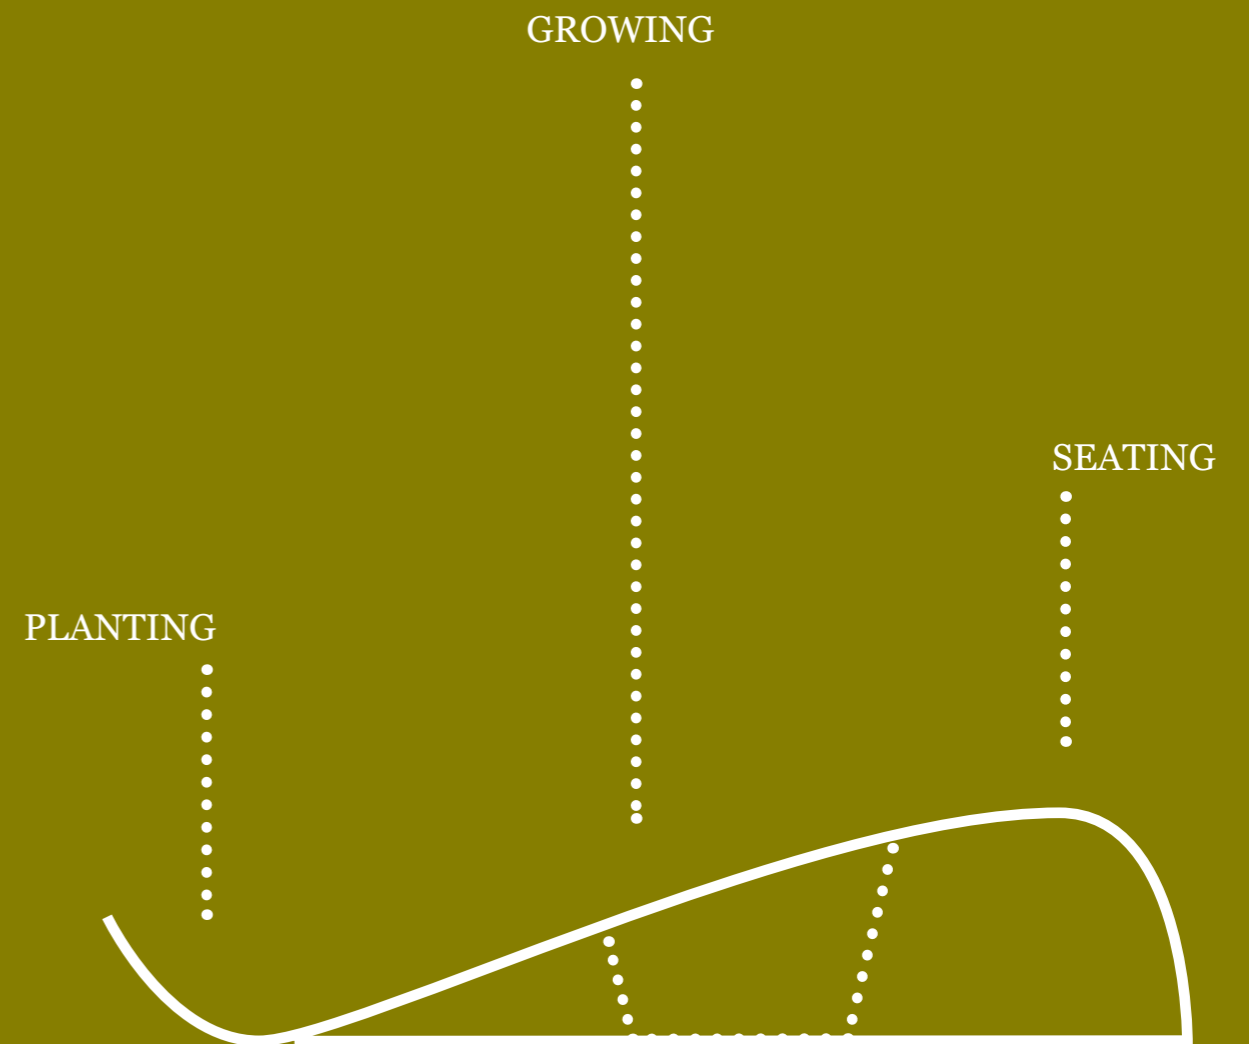

## STEP THREE : EXCHANGING

Specifically designed public spaces constitute a frame for social debate.

SIGNALETIC

## PUBLIC SPACE

A location where people can plant and exchange seeds as well as ideas must be clearly visualized and cleverly designed. The success of the project depends on the platform appeal.
